## Our Philosophy

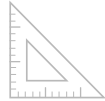

We approach every project with excitement and enthusiasm, and are always seeking for new ways to educate ourselves about new products, innovative materials, exciting tools, and the latest building technologies.

[More about us](#)

### **Initial Consultation**

We bring ideas to life. Our professional & friendly staff are known in the industry for providing 'Quality beyond expectation' - this is our company culture & not just a slogan. Free site inspection, fixed price contract & no surprises!

### **Town Planning**

We take the headache & stress out of building your dream home by taking care of all town planning, permits & subdivisions. It's our priority to keep you fully informed as to the status of your home, at each stage of the process through our highly qualified area supervisors..

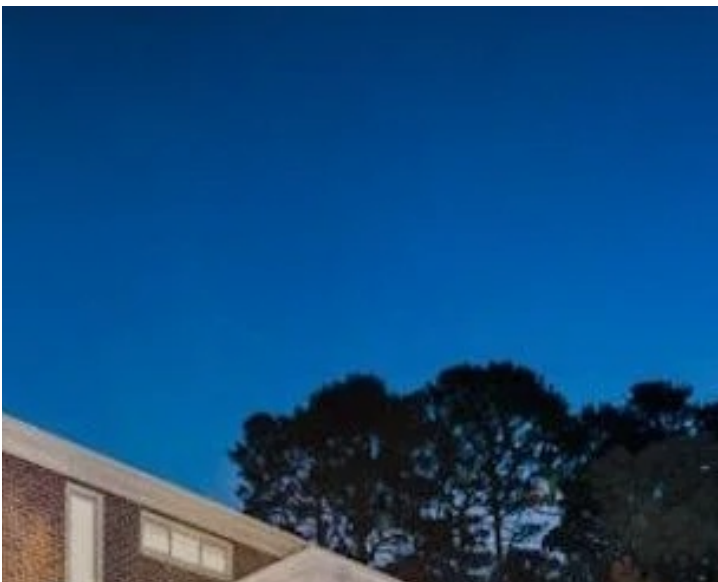

### **Design & Colour Selection**

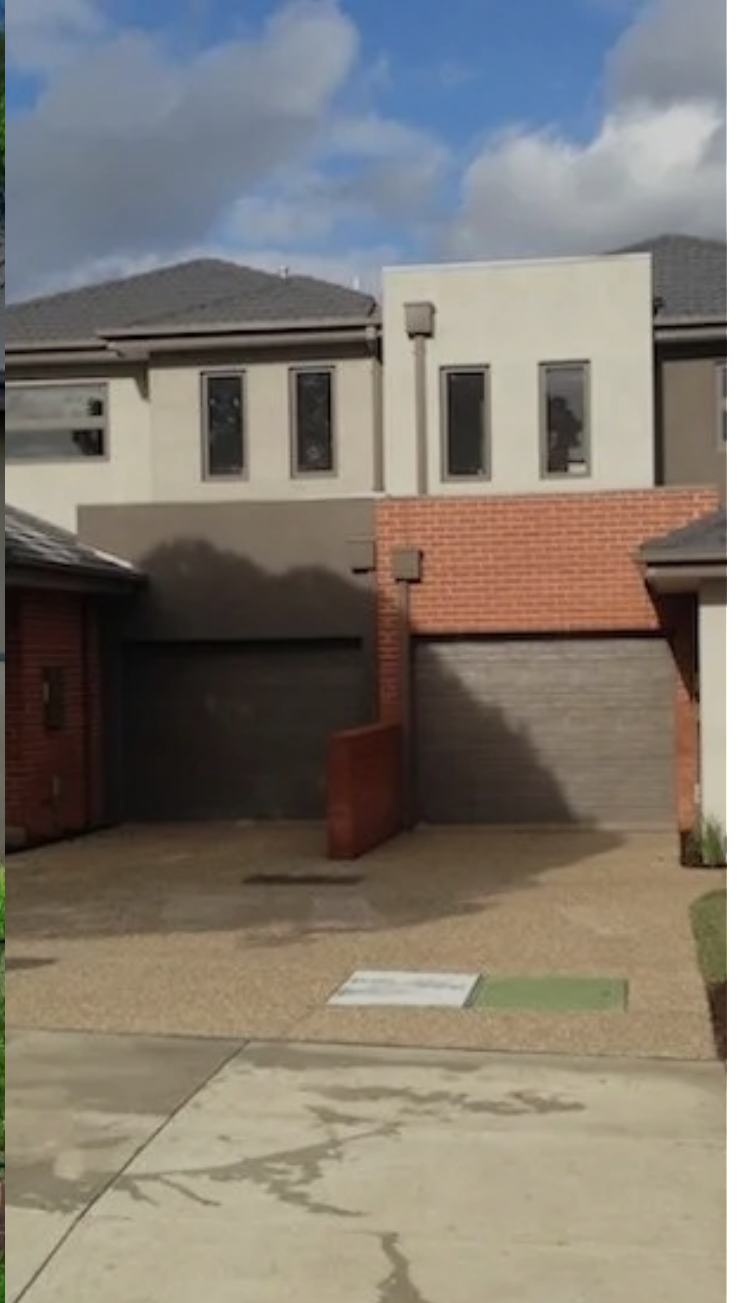

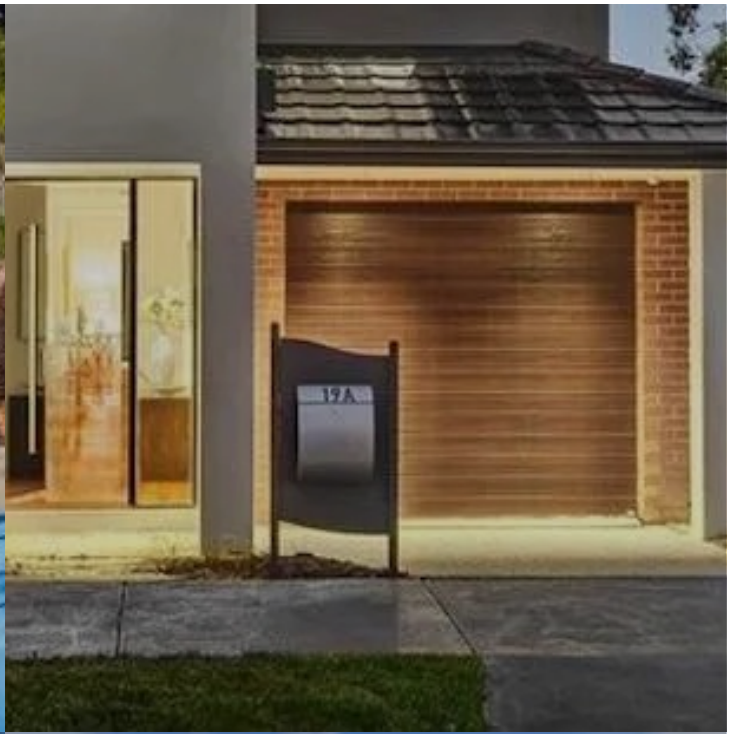

We build your own custom plans or amend our own range of single & double storey architect designed homes to suit your individual style & requirements. We include high quality fixtures & fittings as standard, that other builders consider as extras.

### **Construction & landscaping**

Over 20 years in the building industry with repeat & referred customers is testimony to our reliability, service, and the quality of our homes. Your opinion & satisfaction matter throughout each stage of the process. Our trades have been selected due to their proven skill & ability.

# Latest News

## Custom duplex townhouse development in Hampton East
